Introduction to Your Benefit

Progyny's Fertility and Family Building Benefit

At Progyny, we know the road to parenthood can be challenging. That's why we partner with the nation's leading fertility specialists to bring you a smarter approach with better care, more successful outcomes, and more treatment options to support all paths to parenthood. Unlike other fertility solutions, the Progyny benefit has removed barriers to care with no diagnosis requirement or treatment mandates, ensuring equitable and inclusive access for all members.

Your Progyny benefit includes comprehensive treatment coverage leveraging the **latest technologies and treatments**, personalized emotional support and guidance from dedicated **Patient Care Advocates (PCAs)**, and access to high-quality care through a **premier network** of fertility specialists.

Personalized Support

Personalized Support from a Patient Care Advocate

As a Progyny member, your journey will begin with your dedicated PCA, who will be there to provide clinical and emotional support throughout your entire journey. Progyny PCAs are fertility experts trained to support all paths to parenthood, including surrogacy and adoption. This includes guidance on available treatment options and outcomes, coordination and preparation for all your appointments, and support throughout your journey to parenthood. Call your PCA to learn more about your benefit and to get started.

Progyny Member Portal

In addition to the personalized support from your PCA, you also have access to the [Progyny member portal](#). Our member portal provides you with educational resources to better understand your benefit and treatment options. Through the portal, you'll also be able to view coverage details, review appointments, view account and claims information, and communicate directly with your PCA, keeping all the information you need in one place. Contact your PCA to initiate the member portal login process.

Curated Fertility and Family Building Education

We know how confusing the world of fertility can be, and we want to ensure you have access to resources for every step of your family building journey. Visit progyny.com/education to browse articles, expert interviews, infographics, webinars, and the This Is Infertility podcast. Subscribe to Progyny's [YouTube channel](#) for additional fertility education.

Access to High Quality Care

Progyny has created a premier network of fertility specialists, connecting you to high quality specialists across the US. Our network of over 900 fertility specialists across more than 650 clinic locations include nationally recognized providers, many of whom do not contract broadly with national carrier networks. You can search for an in-network provider and find our list of in-network labs at progyny.com/find-a-provider. This search tool includes detailed information for each Progyny in-network clinic, including provider profiles with demographics, sub-specialties within fertility, and other unique practice characteristics.

Our fertility specialists use the latest advancements in science and technology to increase the chances of a healthy and successful pregnancy. With Progyny's comprehensive benefit design, your doctor is able to work with you to create the customized treatment plan that is best for you, based on clinical criteria, not costs.

Our Medical Advisory Board continually evaluates the latest science and research to ensure that your benefit allows your doctor to utilize the best clinical practices and latest technologies, so you receive the highest level of care.
