PLAN PROVISION	HOW IT WORKS
Eligibility	Full-time non-union employees are eligible to participate in the SMP 401(k) Plan the first day of the next calendar quarter following the completion of 30 days of employment with SMP, subject to certain exclusions. Part-time employees are eligible if they have completed 1,000 hours of work within a plan year.
Enrollment	Auto-enroll. You will be automatically enrolled in the Plan on the first day of the quarter following completion of 30 days of service if you are full-time or 1,000 hours of work in a plan year if you are part-time. You will be enrolled at a contribution rate of 4% of your pretax eligible earnings unless you opt out or change your contribution rate. Your contributions will be invested in an age based Fidelity Freedom® Index Income Fund – Investor Class. We encourage you to take an active role in the SMP 401K Plan and choose a contribution rate and investment options that are appropriate for you.
Company Contributions	SMP makes an annual safe harbor contribution of 3% and may make an additional discretionary profit sharing contribution to participant accounts. Company contributions are typically made in March for the previous plan year.
Employee Contributions	<p>Participants may contribute the lesser of \$19,000 a year or up to 90% of eligible compensation on a pre-tax and/or Roth basis through payroll deductions. Participants that are going to be age 50 or older by the end of the plan year may also make catch up contributions up to an additional \$6,000 per year (including both pre-tax catch up contributions and/or Roth catch up contributions). The deferral limits are set by law and may increase each year for cost-of-living adjustments.</p> <p>Auto Increase and Auto Re-enroll. Unless you elect otherwise, your pre-tax deferrals will automatically increase by 2% at the beginning of each year (January 1st) up to a maximum deferral percentage of 10% of eligible compensation, including any Roth deferrals. In addition, unless you opt-out, if you have elected not to contribute to the plan, you will be automatically re-enrolled at the beginning of each year at a 4% deferral rate. If you do not wish to contribute, you must opt out by selecting 0% each year.</p> <p>You may modify your deferral election or automatic increase / re-enroll preferences by logging on to Fidelity NetBenefits® at www.netbenefits.com and clicking "Contribution Amount" or by calling the Fidelity Service Center</p>
