

Your Drug List : Standard Motor Products uses the **National Drug List**

- To see if your drug is covered go to [anthem.com](https://www.anthem.com), click on pharmacy, then scroll down to Pharmacy Resources
- HSA members, in addition to the National Drug List, your plan also covers additional Preventive drugs. Contact the pharmacy member service number on the back of your ID card to get a list of those medications.

Retail pharmacies:

Your plan includes two levels of pharmacies. Your cost is lowest when you use one of the more than 25,000 pharmacies on Level 1, including chains like CVS, Target, Kroger, Walmart and Costco. You can also use one of the 45,000+ Level 2 pharmacies in your plan. Your prescriptions will still be covered, but you'll pay more.

Home Delivery:

If you take medicines regularly or need them on a long-term basis, you'll be required to use home delivery or switch to any CVS pharmacy for the same cost. With home delivery, you'll get up to a 90-day supply delivered to your home, with free standard shipping. You can use your local pharmacy for your first three refills at your plan's cost share. After that, you'll have to switch to home delivery or to a CVS pharmacy. If you don't switch, you'll pay 100% of the cost of your refills until you do. It's easy to switch to home delivery — just log in at [anthem.com](https://www.anthem.com) or call your pharmacy member services at 1-833-280-4172.

Specialty Drugs:

If you have a complex health condition that requires specialty drugs for your treatment — drugs that may need special handling or that you may get by injection or infusion — you'll need to get them through IngenioRx Specialty Pharmacy. To view a list of specialty drugs visit [anthem.com](https://www.anthem.com), click on pharmacy, then scroll down to Pharmacy Resources/IngenioRx Specialty Pharmacy

Clinical Edits:

Some medications require taking certain steps before they're covered by your plan. Here are a few you need to know about:

- **Prior authorization (PA).** You may need to get our approval before a pharmacy can fill your prescription.
- **Step therapy (ST).** You may need to try one or more other drugs before we'll cover the one your doctor wants you to take.
- **Quantity limits (QL).** Your plan may limit how much of a medicine you can get each month to help protect your health.

Preferred Generics program:

When there's a generic option available and you choose to go with the brand-name drug instead, you'll pay more. Check with your doctor to see if there's a generic option that's right for you — it'll save you money!
