

Maven Moments: Understanding Gestational Diabetes

Each year, 6-9% of pregnancies result in gestational diabetes, with Hispanic and BIPOC communities at a greater risk. In honor of Hispanic Heritage month, join Maven experts as we discuss ways to reduce your risk of gestational diabetes, tactics to manage it after a diagnosis, and why Hispanic and BIPOC communities are more vulnerable.

Maven provides free, 24/7 virtual support for preconception, adoption, surrogacy, pregnancy, postpartum, parenting and pediatrics, and more. Enroll for on-demand access to coaching and education to support you on your parenthood journey. Learn more at mavenclinic.com/join/mavenmoments.
