

WEBINAR:

LGBTQ+ Family Building: Donor 101

June is Pride Month, and in its honor, Progyny's is hosting a free 45 minute about building your family with donor tissue. Many LGBTQ+ singles and couples look to donor sperm or eggs to help create their families, but it can be a confusing process. Join us as we explore how and why donor tissue may be a good option, what to consider during the process, and the difference between private donations versus egg and sperm banks.

Wednesday, June 23, 2:00 p.m. ET
